

Important Career Technical Education (CTE) Registration Update

1. **NEW SPRING REGISTRATION DATE FOR CTE COURSES**

The Spring Term 2010 registration date for CTE classes has been changed to accommodate the volume of registration activity. **The new date of registration for CTE classes will be Monday, March 1, 2010 at 7:00 a.m.** In addition to the earlier registration day for CTE classes, new registration procedures for CTE classes are described below:

2. **DUPLICATE SUBJECT/COURSE REGISTRATION**

Previously, you were allowed to register for as many CRNs in a single Course offered. In order to provide access to as many students as possible, you will only be allowed to register for one CRN per Course during the first day of registration. For example, Medical Terminology (MEOC 104) has three CRNs: 30163, 30395 and 30409, respectively. During the first day of registration, you will be able to register for one (1) CRN in MEOC 104. You may register for as many **Courses** as available (e.g., you can register for both MEOC 104 and MEOC 130). Additionally, you may add yourself to a waitlist in as many CRNs as available, including duplicate Courses, once the CRN is full.

3. **RESERVED SEATING**

Reserved seating only applies to the following courses:

MEOC 140 - Pharmaceutical Mathematics

MEOC 135 – Human Relations for Healthcare Workers

A portion of seats in each CRN will be reserved for students who have returned a form declaring their intent to complete the Pharmacy Technician program. This form will be distributed in Pharmacy Technician classes. If the reserved seats are full, the Pharmacy Technician student may register for an available open unreserved seat or add themselves to the wait list. New students will not be eligible to enroll in reserved seats.
